

REMARKS

The specification and claims have been amended to place the application in conformance with standard United States patent practice.

This Amendment adds the "Cross Reference" section to refer to the parent application and also cancels claims 1-3. Claims 4-6 remain in this application.

This application is a divisional of U.S. Patent Application Serial No. 09/876,640. An Election/Restriction Requirement was issued in the parent case between Invention I (claims 1-3) and Invention II (claims 4-6). Invention I was elected in the parent case. This divisional application is being filed to pursue Invention II.

Examination and allowance of claims 4-6 are respectfully requested.

Respectfully submitted,

WEBB ZIESENHEIM LOGSDON
